

# PERTH SAFETY SYMPOSIUM

FRIDAY 9 SEPT | BROOKFIELD PLACE, PERTH

The Perth Safety Symposium forms part of the broader national conference and events program for the Safety Institute of Australia, providing an excellent opportunity to discover the latest industry insights and network with peers, colleagues and industry professionals.

The 2016 program will bring together international and local OHS professionals in a dynamic and interactive setting to examine a range of pertinent industry topics, challenges and opportunities. The symposium will feature a series of four practical workshops, exploring the themes of Safety Leadership, Risk, Incident Emergency Management & OHS standards.

The Perth Safety Symposium aims to promote collaboration and sharing of best practice across the Western Australian sector in an effort to harness the capabilities of the OHS profession and work toward the ultimate elimination of workplace injury, illness and death. This symposium promises to ignite important discussion around the future of the Australian OHS sector.

# PERTH SAFETY SYMPOSIUM

FRIDAY 9 SEPT | BROOKFIELD PLACE, PERTH

## PROGRAM

8:00am	<b>Registration</b>	
8:30am	<b>Welcome &amp; Introduction:</b> Nathan Winter, Deputy Chair, Safety Institute of Australia	
8:40am	<b>Keynote presentation:</b> <i>Two windows to clarify the enigma that is workplace health and safety</i> Presented by Dr David Borys, Adjunct Associate Professor, RMIT University	
9:30am	<b>WORKSHOP 1:</b> <b>Using intelligent risk management to learn from work-as-done</b>  <p>In business today risk management tools are applied at varying distances from where work is done. This does not be provide managers with risk intelligence on the gap between work-as-imagined and work-as-done. Nor does it provide managers with risk intelligence on how close they are operating to the boundary of safe operations. This workshop will explore how to improve a manager's risk intelligence by providing them with better intelligence on risk that is as close as possible to work-as-done. The workshop will comprise an interactive mix of short presentations followed by group activities.</p> <p>Presented by: Dr David Borys, Adjunct Associate Prof, RMIT University</p>	<b>WORKSHOP 2:</b> <b>"Up safety Creek" – Managing Emergency Response</b>  <p>What would you do if you received the call that most OSH practitioners' nightmares are made of? How would you respond? Do you know how to manage and balance the risks? Do you know the possible implications and legality of your immediate actions?</p> <p>Join us for an interactive panel session where our industry experts will explore a real safety scenario and discuss useful steps to manage the safety related risks from a practical, legal, commercial, public relations and personal welfare perspective – protecting you and your organisation's liability.</p> <p>Presented by: Michael Tunnecliffe, BSS Corporate Psychology Services Simon Billing, Legal Defence, Corrs Chambers Westgarth Andrew Clarke, HSE Manager, Doric Group Annette Ellis, Director, Cannings Purple Prof. Russell Jones, Edith Cowan University</p>
11:30am	<b>Lunch Break</b>	
1:00pm	<b>WORKSHOP 3:</b> <b>Effective Safety Leadership</b>  <p>This workshop has been designed to give participants an opportunity to hear about and discuss current thinking in organisational culture and leadership. Over 3 interactive sessions by specialists in safety leadership, the workshop will explore and provide participants with the understanding on how leadership development interact with safety, what safety people need to know about leadership and what will leaders to know about safety!</p> <p>Presented by: Associate Prof. Peter Standen, Edith Cowan University Ronny Lardner, Founder, The Keil Centre Limited Dr Marcus Catani, Edith Cowan University</p>	<b>WORKSHOP 4:</b> <b>Managing Critical Risk and Compliance</b>  <p>This workshop will consist of a panel of stakeholders in the health and safety profession including regulatory, business, and legal, representatives to talk about approaches to address Critical Risk and Compliance. Each representative will present their approach to addressing Critical Risk and Compliance, which will be followed by a panel discussion with attendee interaction. The intent is to provide industry with a positive approach to Critical Risk and hence Compliance.</p> <p>Presented by: Greg Smith, Principal at Nexus Law Group Alan Holmes, DMP Sally North, Work Safe WA Danny Spadaccini, Director of Environment, Health &amp; Safety - Refining</p>
3.00pm	<b>Close</b>
